

2016 Western States & Provinces 27th Biennial Pronghorn Workshop

Habitat: Where has all the Grassland Gone?

Fairmont Hot Springs, Montana

August 29-September 1, 2016

Call for Papers Deadline Extended Submit by July 17, 2016:

Workshop

This WAFWA-sponsored biennial workshop encourages papers on all current research and management issues related to pronghorn and their habitat. In keeping with the theme of the workshop we are also looking for presentations that address changes in, or conservation strategies for, grassland habitat within the range of pronghorn, even if the research is not pronghorn specific. You are invited to submit abstracts for oral or poster presentations. Speakers should plan for a 15 minute presentation with an additional 5 minutes for questions and answers. A laptop PC and projector will be provided for PowerPoint presentations. Please inquire about other audio-visual aids if needed. Breaks and socials will be organized around the posters to encourage discussion between attendees and presenters.

Instructions for Oral Presentation and Poster Abstracts

In Microsoft Word format, please type the title in capital letters and bold font. List all authors in capitals using first and last names, followed by their affiliation, complete mailing address, phone number, and email address in standard letters. Abstracts are restricted to **250 words** and should summarize findings. Please identify whether the abstract is for an oral presentation or poster presentation and the name of the presenter immediately after the abstract. A format example is provided below. **Incorrectly formatted abstracts will be returned to the author.** The printed abstract booklet will be available at the workshop.

Abstract example:
